Who is Ampersand Families?

Ampersand Families is a 16-year-old, award-winning nonprofit dedicated to the long-term well-being of some of our state's most vulnerable youth. We are the only organization in Minnesota dedicated to helping older youth and teens in foster care find safe, loving, permanent families connected to their relatives, kin, community, and culture.

Why older youth?

Young people who age out of foster care without support face an increased risk of social exclusion, poverty, homelessness, unemployment, incarceration, addiction, and poor mental health.

How's Ampersand Different?

Ampersand Families is different than other adoption and foster care agencies because we take the extra time and resources to locate relatives and kin connected to the young person. ***At Ampersand Families, we find families for youth, not youth for families.***

In 16 years of service, over 500 youth have received wrap-around adoption services and post-placement support to succeed in their ***permanent home before aging out of foster care.***
